PART I – GENERAL

Brief History

1. The National Defence Academy (NDA) has the unique distinction of being the first institutions in the world, to impart combined training to officer cadets of the Army, the Navy and the Air Force. The concept and genesis of NDA dates back to the period before Independence.

2. One of the major lessons learnt during the World War II was that the three Services had to be fully integrated and functioning as a single strike force in order to be effective in war. Although mooted by senior British military leaders like Lord Mountbatten and Field Marshal Auchinleck, India’s far-sighted and visionary political leadership of that period, gave its full backing to the establishment of a tri-service training facility. Consequently, the Government of India appointed a high-powered committee in May 1945 to prepare a scheme for the establishment of a military academy, incorporating the best points of all such institutions world-wide, to train the future officers for the Army, the Navy and the Air Force together, at the same Academy.

3. Based on the report submitted by this committee in 1946, the Indian Military Academy located at Dehra Dun was re-named as the Armed Forces Academy, and split into two wings: the “Inter-Service Wing” (later known as Joint Services Wing) and the “Military Wing”. It was Inter-Services Wing where combined training for the three Services commenced in January, 1949. This was subsequently re-located from Dehra Dun to Khadakwasla, to be known as the National Defence Academy.

4. After an extended, country-wide search for a site which would provide adequate space and potential for creating training facilities for officer cadets of all the three Services, Khadakwasla was chosen as the new home for the Inter-Services Wing in 1947. The location had till then been used as a Combined Warfare School for Allied troops, and was therefore eminently suitable for the purpose. The foundation stone of the NDA was laid at Khadakwasla by the then Prime Minister, Pandit Jawaharlal Nehru on 6 October 1949 and the Herculean task of shifting this institution from Dehra Dun to Khadakwasla was successfully performed under the able supervision of the then Commandant, Maj Gen E Habibullah. The NDA was formally inaugurated by the Chief Minister of Bombay, Shri Morarji Desai on 16 January 1955. The first Passing Out Parade held at Khadakwasla was reviewed by Pandit Jawaharlal Nehru on 05 June 1955.

5. The NDA, in its various avatars, has completed sixty years of eventful service in January 2009. This institution is proud that over 27,000 of its alumni have joined the Armed Forces of India as well as of many foreign countries after having imbibed academic and military training of the highest standard in an unique inter-services ambience. The NDA is also proud that amongst its alumni are many winners of the nation’s highest awards for Gallantry and Distinguished Service, both in peace and in war. We cherish with pride, the honour-roll of so many other former NDA cadets who have laid down their lives in battle, to uphold the safety and integrity of our Republic. The NDA has the distinction of many of its alumnus, reaching the pinnacle of military achievement by becoming Chiefs of their respective Services.

6. Today the NDA imparts, to young men who choose the Armed Forces as their vocation, an intensive education in Science, Technology, Arts and Military subjects. At the end of their training the cadets receive a Degree from the Jawaharlal Nehru University. While a young cadet is being prepared intellectually to face the forthcoming challenges of high technology on tomorrow’s battle-field, he is also physically and mentally toughened by a rigorous regimen of physical conditioning which includes callisthenics, drill, swimming, horse-riding and the full gamut of games and sporting activities. At the same time, his horizons are expanded by exposure to various cultural activities, as well as hobby and adventure clubs.

7. As we have stepped into the millennium, we are confident that the finest amongst Indian youth will continue to pass out from the portals of this great institution known as the “Cradle for Leadership” into the service of the nation, perpetuating by their gallantry, dedication and steadfastness, the Academy’s motto “Seva Pramo Dharma” or “Service Before Self”.

8. The Academy insignia chosen in 1948 depicts its joint services character and was designed to develop and foster inter services camaraderie. The insignia underwent evolutionary changes between 1949-1956. On a maroon background the crest is composed of symbols representing the three services; the Cross swords, the Anchor and the Himalayan Eagle surmounted by the Ashoka emblem. The symbols respectively denote the Army’s martial valour, stability and poise of the Navy and the aspirations of the Air Force to touch the skies with glory. The Ashoka emblem is symbolic of the new Republic and depicts the pride of the Services in serving the motherland. The scroll at the base epitomizes the ideal of ‘Seva Pramo Dharma’ or ‘Service Before Self’ which is the quintessence of the concept of ‘Nishkaam Karma’ as derived from the Bhagavad Gita.
9. At the Academy, cadets belonging to the three services live and train together. This ensures that the future officers of the three services are on the friendliest terms. They understand the organisation, capabilities and limitations of the other services apart from their own. The three services thus operate as an integrated fighting force.

10. A major portion of the curriculum is conducted in the academic class rooms. Cadets are taught a large number of subjects from English to Engineering Drawing and from Physics to Social Sciences. The aim is to provide broad based education, to widen horizons and make them capable of understanding and tackling problems that confront them in their future service career. They are given training in science so that they understood technology in order to exploit the modern weapon-systems in the Armed Forces.

11. The academic syllabus is thus an integrated one designed to meet the specific requirements of the Armed Forces. Cadets are required to study all subjects with varying emphasis on Humanities or Science, depending on their stream. Successful candidates are awarded BA/BSc Degree by JNU, New Delhi.
12. The Academy has a full fledged Department of Computer Science. Limited vacancies are available for the cadets to undergo B.Sc. linked with Computer Science. These vacancies are allotted on the basis of a screening test held at the end of the first week of the commencement of the term.

**Sports and Cultural Activities**

13. Considerable emphasis is laid on outdoor and other character-building extra curricular activities. The extensive facilities available for games and sports include two olympic-size swimming pools, a stadium, a well-equipped gymnasium, several squash and tennis courts, a golf course and a large number of play fields for hockey, football, cricket, basket-ball, polo and other games. The Khadakwasla Lake adjoining the NDA provides excellent facilities for water sports throughout the year. The Academy has a large number of horses, a wide inventory of watersports equipment including boats, and powered gliders for training the cadets. It also has an indoor shooting range.
**Surroundings and Weather**

14. Spread over 6735 acres, the NDA has a salubrious climate with a mean temperature of 24.3 degrees C, pollution free environment, elaborate infrastructure and a wide variety of flora & fauna. March to May get warm but the monsoon is active in the area. Winters are mild. Blankets/quilts are necessary during Dec to Feb. Mosquito menace is experienced throughout the year.

PART V – SPECIAL INSTRUCTIONS

Ban On Applying For Other Jobs While At The NDA
61. Candidates who have also applied for other types of commission/entry into the Army, Navy or Air Force or any other employment must exercise their final option before admission to the National Defence Academy for training. After admission, they will not be permitted to appear for any examination/interview for any other type of commission/entry in the Army, Navy or Air Force or any other employment without resigning from the Academy and paying the cost of training. However attending Service Selection Board (SSB) interview for 10+2 Technical Entry Scheme (TES 10+2) is permitted.

Classification of Cadets On Their Arrival At NDA
62. All cadets are classified into three streams – Science Stream (B.Sc.), Science Stream with Computer Science (B.Sc Computer Science) and Social Science Streams (B.A) based on their marks obtained in class XII examinations. The Science Stream has three subjects : Mathematics, Physics and Chemistry. The B. Sc Computer Science Stream has Mathematics, Physics and Computer Science. The Social Science Stream has History, Geography, Economics and Political Science as the four principal subjects (of which any three are allotted).

Qualification for Entry into Science Stream
63. Subject to the vacancies available, the categories of cadets eligible for joining the Science stream (B.Sc) are enumerated in the succeeding paragraphs. Generally, a maximum of 70% of the total intake of the cadets are classified into Science Stream.
64. All cadets who have been allotted Navy and Air Force as their Service, are allotted Science Stream only. Failure to cope with the Science Stream would necessitate change of service to Army.
65. Candidates who have passed the Higher Secondary Examination (XII Std) or equivalent with Physics, Chemistry, and Biology with Mathematics as elective subjects are eligible for classification in Science Stream.
66. All cadets who do not possess the academic qualification as mentioned in paragraph 63 are not eligible for entry into the Science Stream. They will, therefore, join the Social Science Stream only.
67. For instructional purposes, cadets after they have been classified in the respective streams are subdivided into smaller groups of approximately 25 cadets per group for actual classroom instructions.

Resignation or Withdrawal : Recovery Of Cost of Training
68. In case a cadet tenders his resignation on arrival or later during the course of his training or is withdrawn by the Government for not fulfilling the conditions laid down in paragraph 4 of the Bond at Annexure IV, he and his parents or guardians are liable to pay to the Government jointly the cost of training at the National Defence Academy and other training establishments and money received by the cadet as pay and allowances together with interest thereon. The rate of cost of training at present is Rs 7,075/- per week, which is revised from time to time. The cadet who tenders his resignation/is withdrawn will be returned his 10+2 Education Certificate/Marksheet (original) only after clearance of his all dues (including cost of training).
69. If a cadet tenders his resignation, he has to submit his parents consent alongwith his resignation application. The format of the parent consent is attached as Annexure X.
70. The cost of training incurred at RIMC, Dehradun and the amount of scholarship received at various Sainik Schools will also have to be paid by the cadet or his parent before a request to resign is considered. The amount involved will have to be deposited prior to forwarding the case to higher authorities.
Change of Service

71. No change of SERVICE, after a candidate has joined the Academy, is normally permitted. In exceptional cases, change of service is considered after the III semester if a candidate is eligible and considered suitable and after the consent of his parents or guardians has been obtained. The authorities reserve the right to assign a candidate to the service to which he has been found most suitable. If any Air Force or Naval cadet is unable to cope up with Science Stream the change of service to Army will be granted to the cadets with the parents consent during first term itself.
